

# Casa Reom News June 2021

## **Half-way to Target**

We are excited to have reached 53% of our target to raise an additional £1000 per month toward Casa Reom's running costs. Thank you to all those who have signed up to make regular donations or increased them!

Can you help us reach our traget? For more information and details of how to give regularly or make a one-off donation go to <u>casa-reom.org.uk/raising-one-thousand</u>.

## **Vocational Training**

Learning new skills is an important part of education in Mozambique. The boys at Casa Reom have opportunities that most local children never get, by learning employable skills within the centre and by being sponsored to attend nearby colleges.

5 of the Casa Reom boys are currently on 6 month placements at the Young Africa centre attending a variety of courses including: Electrical work, Plumbing and Cooking. This picture shows Jone who is mastering cooking with gas in Casa Reom's new kitchen.

#### Escola Reom

Escola Reom is now open again but with reduced capacity. In fact, Casa Reom is one of a selected number of schools that have been able to re-open because they have adequate water and sanitary facilities.

Class sizes are limited to 25 pupils and extra teaching sessions are now running from Monday to Saturday to cater to the new rules.
