

# Casa Reom News

December 2020

---

## Thank You

Thank you to all of you who have supported Casa Reom over the past year. It has been a challenging year for children and staff at Casa Reom but despite this, it has been a year of continuing to reach out to those in their local community. By helping them, you have enabled them to help others!

**The trustees wish you a Happy Christmas and a good New Year!**

## Christmas Gifts

It's not too late to give a special gift this Christmas! We've teamed up with Making a Difference to bring you Christmas Cards and Gift Vouchers for Casa Reom, including some special Casa Reom designs like the ones shown here.

You can choose from over 1300 designs, customise your greeting, upload your own photos, send an audio or video message and have them delivered by post, email or text message.

See [www.casa-reom.org.uk/christmas](http://www.casa-reom.org.uk/christmas) for details, as well as how to raise funds for Casa Reom while doing your Christmas shopping.

## Pedro's Story

Casa Reom has been recognised by the Mozambique government for the way it seeks to re-integrate young people who would otherwise become institutionalised.

Pedro grew up at Casa Reom from his arrival at the age of 6. After completing school, Casa Reom supported Pedro to train as a medical worker. Pedro is now working in the national police hospital in Maputo.

Pedro wants to share his story and say thank you – go to <https://youtu.be/DJhtnISryFk>

## Building More Houses

During 2020 Casa Reom staff have continued helping local people by building more houses and providing building materials to those renovating their own homes. This picture shows the Tenday family beside their old home and then receiving the keys for their new home.

Due to the generosity of YWAM donors, new houses have been built for 15 families and over 100 people have received roofing sheets, wood, cement, and hardware. This is a vital help as the rainy season approaches. To find out more go to [www.casa-reom.org.uk/community](http://www.casa-reom.org.uk/community)

## New Office & Sanitary Blocks

Work has started to provide an office block and vocational training facilities at the main Casa Reom site. The office will provide secure facilities to be used by Casa Reom and Escola Reom staff.

The new sanitary block will improve the toilet and washing facilities for the children that attend Escola Reom.

For additional details and more photos see [www.casa-reom.org.uk/building](http://www.casa-reom.org.uk/building)

## Raising £1000

We have now reached 42% of our target to raise an additional £1000 per month toward Casa Reom's running costs.

Casa Reom  
Centre

Escola Reom  
School
